

How the scheme looks so far.

This is an image of how the architects (FPCR Environment and Design Ltd) are planning the housing and green spaces. It is only an illustrative plan and will become more detailed when a Reserved Matters Application is submitted. It is intended that:

- The design will maximise the existing green landscape and add avenues of trees throughout the scheme.
- Informal paths through the Site will be altered and improved so they provide a pleasant route around the scheme and the improved areas at the ponds and Rainworth Water.
