

Proposed Development at Lady Bay Primary School, West Bridgford

Illustrative Rendering of Proposal

Background

The site identified is of an existing mobile classroom at Lady Bay School. It is our intention to submit a Planning Application to Nottinghamshire County Council for the demolition of the existing mobile classroom and the creation of a new two storey building at Lady Bay School with associated external works including perimeter security fencing.

This development will allow for new classrooms and a safe and protective boundary to the school.
